Service Request Type: BPV-Fitting Registration  
Service Request No.: 1633338  
Your Reference No.: PR SERIES VALVES  
Registered to: PARKER HANNIFIN - INSTRUMENTATION PRODUCTS DIVISION

Dear SUSAN TURNER,

Technical Standards and Safety Authority (TSSA) is pleased to inform you that your submission has been reviewed and registered as follows:

**CRN No.: 0C10224.5R1**  
**Main Design No.: CATALOG: 4121-BV (MAY 2011)**  
**Expiry Date: 24-Jun-2025**

Please be advised that a valid quality control system must be maintained for the fitting registration to remain valid until the expiry date.

A stamped copy of the approved registration and invoice for engineering services will be mailed to you shortly. Should you have any questions or require further assistance, however, please contact a Customer Service Advisor at 1.877.682.TSSA (8772) or e-mail [customerservices@tssa.org](mailto:customerservices@tssa.org). We will be happy to assist you. When contacting TSSA regarding this file, please refer to the Service Request number provided above.

Yours truly,

  
Zivko Gacevic P. Eng.  
Mechanical Engineer, BPV

## STATUTORY DECLARATION Registration of Fittings

I, Tony Wyszowski, General Manager  
(Name and Position, e.g. President, Plant Manager, Chief Engineer)

of Parker Hannifin, Instrumentation Products Division (with additional manufacturing at 2651 Hwy 21 North, Jacksonville AL)  
(Name of Manufacturer)

Located at 1005 A Cleaner Way, Huntsville, AL 256-881-2040 256-881-5072  
(Plant Address) (Telephone No.) (Fax No.)

do solemnly declare that the fittings listed hereunder, which are subject to the **Technical Standards and Safety Act**, Boilers and Pressure Vessels Regulation, comply with all of the requirements of

(Title of recognized North American Standard)  
 which specifies the dimensions, materials of construction, pressure/temperature ratings, identification marking the fittings and service;

or are not covered by the provisions of a recognized North American standard and are therefore manufactured to comply with ASME B31.3 as supported by the attached data which identifies the dimensions, material of construction, pressure/temperature ratings and the basis for such ratings, the marking of the fitting for identification and service.

I further declare that the manufacture of these fittings is controlled by a quality system meeting the requirements of ISO 9001:2008 which has been verified by the following authority, Det Norske Veritas

The items covered by this declaration, for which I seek registration, are category C type fittings. In support of this application, the following information and/or test data are attached as follows:

Catalog 4121-BV, "Ball and Plug Valves", dated May 2011 Pages 12-15, Scope of Registration Renewal 0C10224.5  
(drawings, calculations, test reports, etc.)

Declared before me at HUNTSVILLE in the STATE of ALABAMA  
 the 7<sup>th</sup> day of April AD 2015.

Commissioner for Oaths:

Sheri Coggan  
(Printed name)

Sheri Coggan  
(Signature)

[Signature]  
(Signature of Declarer)

### FOR OFFICE USE ONLY

To the best of my knowledge and belief, the application meets the requirements of the **Technical Standards and Safety Act**, Boilers and Pressure Vessels Regulation, and CSA Standard B51 and is accepted for registration in Category "C".

CRN: 0C10224.5R1

Registered by: ZIVKO GACEVIC

Dated: JUN. 29, 2015

NOTE: This registration expires on: JUN. 29, 2025

*Note: See attachments for scope of registration and manufacturer's logo*

April 6, 2015

**SCOPE OF REGISTRATION RENEWAL 0C10225.5**

The scope of this registration renewal are the PR Series ball valves listed on pages 12 through 15 of Catalog 4121-BV, Ball and Plug Valves, dated May 2011. These are the same valves and materials as were covered by the "PR Series Plug Valves, Proof of Design" submitted with the original registration. The design of these valves has not changed since the original registration. A change was made to previous catalog 4126-PR (Revised July 2003). The contents of that catalog were incorporated in a consolidated line catalog (4121-BV) as listed above.

Subject: PRODUCT LOGO MARKING REQUIREMENTS	Parker Symbol ID-3
---	-----------------------

GENERAL:

The following information is adapted from Parker's Corporation Communications and Identification Manual.

PRODUCT IDENTIFICATION:

It is important that Parker identification appear on the millions of components sold into the market place each year. For this reason, special versions of the Corporate Signature have been designed to accommodate difficult product marking situations. The three key variables which will govern the selection of proper identification techniques are the material on which the marking is to be applied, the surface contour, and identification area size. The order of preference for product marking usage is shown. When possible, the solid Signature should be used down to a minimum of 5/8 inch. For smaller applications, the solid Open Signature, with slightly more open space within the letterforms, should be used. The Linear Signature and the Helvetica Light Parker are approved only for especially difficult marking conditions and hard material surfaces. When the marking surface, contour or area size makes it impractical to use the complete Parker identification, a "P" may be used in order of preference shown. Critical dimensions for product identification only are provided in this section.
