

STATUTORY DECLARATION Registration of Fittings

I, John Morse, Division Engineering Manager(acting)
(name of applicant) (position title) (must be in a position of authority)
of Parker Hannifin Corporation Instrumentation Products Division
(name of manufacturer)
located at 1005 A Cleaner Way, Huntsville Alabama (division headquarters)
(plant address)

In this space, show facsimile of
manufacturer's logo or trademark
as it will appear on the fitting.

See attached

do solemnly declare that the fittings listed hereunder, which are subject to the Safety Codes Act
(check one)

- ☒ comply with the requirements of MSS SP-105, SP-25, ASME B31.3 which specifies the dimensions,
(title of recognized North American Standard)
materials of construction, pressure/temperature ratings and identification marking of the fittings, or
- ☐ are not covered by the provisions of a recognized North American standard and are therefore manufactured
to comply with _____ as supported by the attached
(title of code of construction or other applicable document)
data which identifies the dimensions, materials of construction, pressure/temperature ratings and the basis
for such ratings, and the marking of the fittings for identification.

I further declare that the manufacture of these fittings is controlled by a quality control program which has been
verified by the following authority, Det Norske Veritas as being suitable for the manufacture of these
fittings to the stated standard. The fittings covered by this declaration, for which I seek registration, are
needle valve series
(brief description of fittings)

In support of this application, the following information, calculations and/or test data are attached:

Scope of Registration Revision 0C06740.2, ISO certificate, copy of original acceptance letter.

DECLARED before me at Huntsville in the state of Alabama
(city) (province or state)
this 7th day of November, 2017
(Month) (Year)

(print) Sheri Coggan
(a Commissioner of Oaths or Notary Public)

Office 256-881-2040
Fax 256-881-5072

October 31, 2017

SCOPE OF REGISTRATION REVISION 0C06740.2

The scope of this registration revision is change of the manufacturing location from the Parker Hannifin Instrumentation Products Division's Phoenix Precision facility located at 2620 21 Street NE, Calgary Alberta to the Parker Hannifin Instrumentation Products Division's manufacturing facility at 2651 Alabama Highway 21 North, Jacksonville, Alabama. The entire production capacity is moving from the Calgary facility to the facility located in Jacksonville Alabama. There will be no change to the valves or the pressure boundary components or materials. The only change that may take place would be to the manufacturer's logo from the existing Phoenix Precision to one of the Parker standard logo markings as shown in the attached, however there are no immediate plans for that change to be made.

ID-3

GENERAL:

The following information is adapted from Parker's Corporation Communications and Identification Manual.

PRODUCT IDENTIFICATION:

It is important that Parker identification appear on the millions of components sold into the market place each year. For this reason, special versions of the Corporate Signature have been designed to accommodate difficult product marking situations. The three key variables which will govern the selection of proper identification techniques are the material on which the marking is to be applied, the surface contour, and identification area size. The order of preference for product marking usage is shown. When possible, the solid Signature should be used down to a minimum of 5/8 inch. For smaller applications, the solid Open Signature, with slightly more open space within the letterforms, should be used. The Linear Signature and the Helvetica Light Parker are approved only for especially difficult marking conditions and hard material surfaces. When the marking surface, contour or area size makes it impractical to use the complete Parker identification, a "P" may be used in order of preference shown. Critical dimensions for product identification only are provided in this section.

REGISTRATION OF VALVES AND FITTINGS

Manufacturer: PARKER HANNIFIN CORP.

The design(s) for the following Valves/Fittings has been received by us and has been examined and accepted for registration in the Province of Manitoba as follows.

DRAWING / CATALOGUE	CRN	FILE
Name and Address change	0C06740.24	38599

An invoice covering survey and registration fees is enclosed.

NOTES:

- 1. CRN registered under reciprocal agreement & is conditional based on compliance with the notes set by the original issuing Jurisdiction: **ABSA**. This registration expires **December 15, 2024**.*

This registration is valid until the indicated expiry date only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date. Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.

The registration of this design does not relieve the manufacturer, the owner or his agent of the responsibility for the design or construction of a fitting in accordance with the applicable Acts, Codes and Standards. Inspection and Technical Services assumes no responsibility by registering designs, examining plans and/or inspecting equipment or facility.

Dear CYNTHIA FORMANIUK,

Technical Standards and Safety Authority (TSSA) is pleased to inform you that your submission has been reviewed and registered as follows:

CRN No.: 0C06740.25ADD6

Main Design No.: ADD6: Company name change and Plant relocation only

Expiry Date: 15-Dec-2024

Please be advised that a valid quality control system must be maintained for the fitting registration to remain valid until the expiry date.

NOTE: There is no change in the original product design, product models, P/T rating, material, size range, etc.

The stamped copy of the approved registration and the invoice are mailed separately. Should you have any questions or require further assistance, please contact a Customer Service Advisor at 1.877.682.TSSA (8772) or e-mail customerservices@tssa.org. We will be happy to assist you. When contacting TSSA regarding this file, please refer to the Service Request number provided above.

Yours truly,

HUNTSVILLE, AL 35805

Email: Fred.Roy@parker.com

The design submission, tracking number 2017-07188, originally received on November 15, 2017 was surveyed and accepted for registration as follows:

CRN : 0C06740.2

Accepted on: November 29, 2017

Reg Type: ADDITION TO ACC. FITTING

Expiry Date: December 15, 2024

Drawing No. : SCOPE OF REGISTRATION REVISION 0C06740.2

Fitting type: VALVES

The registration is conditional on your compliance with the following notes:

- The scope of this registration is the change of the manufacturing location for all the product that had been registered for Parker Phoenix per 0C06740 to the Parker IPD location in Jacksonville Alabama.
- Please note that this letter supersedes the letter sent on November 29, 2017.

As indicated on AB-41 Statutory Declaration form and submitted documentation, the code of construction is ASME B31.3.

This registration is valid only for fittings fabricated at the location(s) covered by the QC certificate attached to the accepted AB-41 Statutory Declaration form.

This registration is valid only until the indicated expiry date and only if the Manufacturer maintains a valid quality management system approved by an acceptable third-party agency until that date.

Should the approval of the quality management system lapse before the expiry date indicated above, this registration shall become void.

An invoice covering survey and registration fees will be forwarded from our Revenue Accounts.

Enclosed are stamped prints for your reference.

Declaration:

I, John Morse, Engineering Manager (acting) (see note 3) employed by Parker Hannifin Corporation - IPD and being the person having full authority and responsibility for the quality of the end product do solemnly declare that the information contained in this form is true to the best of my knowledge represents the product for which registration is sought. The dimensions, materials of construction, pressure temperature ratings, and identification markings are in accordance with the herein named standards. I further declare that the manufacture of these fittings is regulated by a Quality Control Program which extends to each plant where fabrication occurs in whole or in part and has been verified by Det Norske Veritas as being suitable for that purpose and I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath.
